Because of the many students and faculty members out of classes because they're suffering the flu, the school administration decided to dismiss the college Monday rather than Thursday, as had been scheduled.

"Inherit the Wind," a three-act drama by Jerome Lawrence and Robert E. Lee, was presented in the fall.

"Barefoot in the Park," a three-act play by Neil Simon, was the spring comedy.

Alpha Psi Omega was initiated on May 23rd. It is a national dramatic honorary. The requirement for membership is an accumulation of fifty points in any phase of drama. The purpose of such a fraternity is the organization and development of good drama on college campuses.

SNEA

The A. A. Page Chapter of the SNEA is the local chapter of the Student National Education Association, the professional association for college and university students preparing to teach. SNEA is one of the largest organizations on PC's campus. The members have worked on projects for the betterment of the community. A clothing drive was held to help children in the local schools. The club also honored several student teachers as being outstanding in their job.

Members are: Linda Neice, Cecelia Devine, Carole Lifton, Beverly Beeler, Patricia Bartley, Renée Childers, Judy Looney, Gay Patsch, Kathy Balkenhol, Margaret Cundall, Pam Cummins, Jeanne Sowards, Ann Powers, Doris Stiltner, Marlene Roberts, Margaret Stanley, Charlotte Anderson, Virginia Matney, Sandy Davis, Charlene Hawkins, Betty Keen, Betty Heil, Ray Bartley, Bob Fetty, Tom Mooney, Vic Crawford, Jerome Heil, Walt West, Charles Lewis, Clark Belcher, Delbert Rohring, Charles Frances—Advisor.

Student Christian Fellowship

The Student Christian Fellowship is a nondenominational religious organization on campus. Meetings are held twice a week with Monday night Vespers and Thursday morning discussion hours.

Members include those standing: Daryl Thomas, Darlene Smith, Carole Litton, Mike Perry, Terry Cornett, Paul Ruppelt, Patti Combs, Dave Howell, LeRoy Ford, Bill Frail, John Spencer, Charles Lewis, Helen Maynard, and seated, Pam Cummins, Truby Hatfield, Susie Jones, Carol Wright, Ann Powers, Betty Handville, Barbie Doll, Alma Culton—Advisor.

Circle K Club

"Roll those eggs—with your nose!" came the gruff sergeant-like order as six tired young men got to their knees. The egg-roll contest is only one of the trials a pledge endures as he proves himself worthy of joining Circle-K, a national young men's service association affiliated with the Kiwanis Club. Money earned for the club's treasury and then donated to worthwhile organizations is one of their satisfying tasks. Perhaps more enjoyable is the Christmas Party for the Mary Calvert School and the naming of Circle-K sweethearts—but all are meaningful duties for a Circle-K member.

*For the vision of one man lends
not its wings to another man. And
even as each of you stands alone in
God's knowledge, so must each one
of you be alone in his knowledge
of God and in his understanding of
the earth. The teacher who walks in
the shadow of the temple, among
his followers, gives not of his wis-
dom but rather of his faith and
lovingness. If he is indeed wise he
does not bid you enter the house
of his wisdom, but rather leads you
to the threshold of your own mind.*

taste that beats the others cold!

Pepsi pours it on! Pours on big, bold taste that comes to life when it's served ice-cold. Because

Pepsi-Cola is made for the drinking temperatures most people prefer today.

Pepsi doesn't come apart in the cold—instead, Pepsi taste comes out in the cold. Go ahead—put it to the taste.

**In 1882 Edison had
a great idea.**

**And it wasn't the
electric light.**

The whole idea of investor-ownership of electric light and power companies began when Thomas A. Edison and a group of investors financed his first power plant more than 80 years ago.

Since then, investor-owned companies like ours have become an integral part of America's Free Enterprise system. That explains why today we have at our fingertips more electric power than any other country in the world.

And it's this same Free Enterprise system that puts at *your* fingertips greater opportunity, greater expectation for success than can be hoped for by any other young people in the world.
